Method 1: Step 1  

Change Student Selection

After logging in, click on the student’s name for the account you want to view.

Note: this screen will display the actual student names.
On any page within UAccess Guest Center, click on triangle in the top right corner, next to Student name.
Method 2: Step 2  

Change Student Selection

Click on appropriate Student within resulting drop-down list.
Note: this screen will display the actual student names.
On the main landing page, click on “Change Student” button.
In the resulting pop-out window, click on Select button next to appropriate student.

Note: this screen will display the actual student names.
