Introduction

Agenda
In this workshop you will complete three travel scenarios.

- **Scenario One:**
  An employee, Jennifer Doll, travels to Sacramento for a conference. She does not receive an advance, so she needs to be reimbursed when she returns.

- **Scenario Two:**
  You issue a Travel Advance for an employee, Melanie Cooley, who is travelling to Orlando, FL. On the employee’s return, you find that Melanie spent more than was advanced. You will need to issue an additional reimbursement.

- **Scenario Three:**
  Suzanne Zimbardo is traveling to Phoenix for two days to provide training to the College of Medicine. On her return, you find that she did not spend the entire advance and will need to repay the excess advance to the University.

Objectives
- Understand the necessary steps for managing travel
- Understand the process differences between travel with and without an advance
- Issue a Travel Advance
- Pre-encumber the advance
- Process expense reimbursements after the traveler returns
- Settle the advance
- Receive cash from an employee whose advance exceeded their expenses

Resources
All of the materials covered in this workshop are also covered in the Travel section of the online tutorials (http://fs.tutorials.arizona.edu).

The Financial Policies and Procedures manual has a section on Travel that will help you understand travel policies at the University (http://policy.fso.arizona.edu/fsm/1400) and travel funding (http://policy.fso.arizona.edu/fsm/1400/1411). You can also find additional resources on travel on the FSO website (http://www.fso.arizona.edu/travel).

FSO also offers a travel policy class (Travel Policy (UA-1026)) that you can register for on using UAccess Learning. Take this class! They also classes on International travel.

And you are welcome to ask questions in the UAccess Financials forum on the UAccess Community (http://community.uaccess.arizona.edu).
Travel Process Flowchart

When you manage Travel Advances and expense reimbursements, you will have pre-travel and post-travel phases. Use the Travel Advances & Reimbursements flowchart to help you identify what you need to do at each step along the way.

☐ Travel Authorization ([http://uabis.arizona.edu/eforms/#T](http://uabis.arizona.edu/eforms/#T))
☐ Prepay Travel Expenses (Optional—PCard or Disbursement Voucher)
☐ Travel Advance (Disbursement Voucher)

Travel with Advance: Employee Expenses Less Than Advance

Pre-Travel

☐ Prepay Travel Expenses (Optional—PCard or Disbursement Voucher)
☐ Travel Advance (Disbursement Voucher)

☐ Settle Advance (Distribution of Income and Expense)
☐ Check that Advance Disencumbered (Only if Pre-encumbrance was done—General Ledger Entries)
☐ Repay Travel Advance (Cash Receipt)
Prepaying Employee Travel Expenses

If you elect to do so, you can pre-pay some travel expenses for the employee, such as airfare, conference registration, or hotel.

Depending on the circumstances, you can use either a Purchasing Card (PCard) or a Disbursement Voucher to make the prepayments.

Note that if you use the Disbursement Voucher, you will be able to record the Travel Authorization number (T#) in the Org Doc # field, just as you will with the rest of the documents you create as part of this workshop.

However, on PCard documents, the Org Doc # field is not editable, so you will not be able to enter the T# in it. That means that you will not be able to use the T# to search for PCard-paid expenses related to that trip.
Scenario One: Travel with No Advance

Jennifer Doll is traveling to Sacramento, CA for a professional conference, Educause, from the 10th through the 15th of this month.

She does not require an advance or any pre-paid travel expenses. In the course of the trip she spends a total of $2073.25 for airfare, taxi, airport parking, mileage, hotel, registration, and per diem.

The checklist for this situation looks like this:

Pre-Travel
- Travel Authorization (http://uabis.arizona.edu/eforms/#T)
- Prepay Travel Expenses (Optional—PCard or Disbursement Voucher)

Post-Travel
- Expense Report (http://uabis.arizona.edu/eforms/#T)
- Expense Reimbursement (Disbursement Voucher)

Pre-Travel

Travel Authorization

Any travel instance over 35 miles from the employee’s duty post—whether the employee gets an advance or not and whether the employee gets on an airplane or not—requires that a Travel Authorization be completed before the employee travels.

You can download the Travel Authorization Form at http://uabis.arizona.edu/eforms/#T.

For details about how to complete the Travel Authorization Form and what to do with it, please refer to the Travel Authorization section of the Financial Policies and Procedures manual (http://policy.fso.arizona.edu/fsm/1400/1410).

For general policy information on funding travel, review the Travel Funding section of the Financial Policies and Procedures manual (http://policy.fso.arizona.edu/fsm/1400/1411).

If you aren’t issuing an advance, once the Travel Authorization is complete, you are done until the traveler returns.

      | Entering the prepaid expense information here is just for your convenience if you would like to have all the information about this trip in one place. If you prepaid anything on a PCard, this is a good place to record that information to make sure that you have all of the expenses tied together and searchable by T#. | 55.  | You have successfully completed a Travel Expense Reimbursement for an employee.  

Once all of the approvals are complete, the employee will be reimbursed.

Scenario Two: The University Owes the Traveler Money

In the second scenario, you will be issuing a $500.00 travel advance to Melanie Cooley, who is traveling to Orlando, Florida for a conference. For the sake of easier account reconciliation, you are going to pre-encumber the advance.

On Melanie’s return, you find that her total expenses were actually $1368.46, so you need to distribute the advance to the appropriate Object Codes and then issue her a reimbursement for the remaining $868.46.

Remember that the checklist in this situation looks like this:

Pre-Travel
- Travel Authorization (http://uabis.arizona.edu/eforms/#T)
- Prepay Travel Expenses (Optional—PCard or Disbursement Voucher)
- Travel Advance (Disbursement Voucher)
- Encumber the Advance (Optional—Pre-Encumbrance)

Post-Travel
- Expense Report (http://uabis.arizona.edu/eforms/#T)
- Settle Advance (Distribution of Income and Expense)
- Check that Advance Disencumbered (Only if Pre-encumbrance was done—General Ledger Entries)
- Expense Reimbursement (Disbursement Voucher)
Pre-Travel

Travel Authorization

As always, you need to complete a Travel Authorization form for your traveler: http://uabis.arizona.edu/eforms/.

Requesting a Travel Advance

Procedure

If you are issuing a Travel Advance to the employee, you will use a Disbursement Voucher to request it. To navigate to the Disbursement Voucher e-doc from the Main Menu go to **Transactions > Financial > Disbursement Voucher**.

<td>When you request a Travel Advance, you need to put some specific information on the <strong>Document Overview</strong> tab. Click the <strong>show</strong> button.</td>
</tr>
<tr>
<td>2.</td>
<td>Remember that filling out your <strong>Description</strong> fields clearly and consistently will make it easier to use them to identify, search for, and report on related documents. A suggested format is <em>Travel Advance &lt;Traveler’s Name&gt;</em>; but you are welcome to use whatever format works best for your department. Enter &quot;Travel Advance Melanie Cooley&quot; in the <strong>Description</strong> field.</td>
</tr>
</tbody>
</table>
3. As always, entering the UA business purpose in the **Explanation** field will expedite the approvals for this document. Enter "To present at Kuali Days, a professional conference" in the **Explanation** field.

4. Enter the T number (T#) from the Travel Authorization form in the **Org. Doc. #** field. If you do not enter the T#, your document will be **disapproved**, as neither the Fiscal Officer nor the Travel Office can edit the field later and the number is required to settle the advance.

Including the T# will allow you to quickly find all documents tied to the travel instance.

**Note:** Capitalize the T. Later, when you are searching for these documents, you will encounter case sensitive fields. Always capitalizing the T will make it easier to find your documents.

Enter the T# in the **Org. Doc. #** field.

### Step 5

The **Document Overview** tab is complete.

Click the **hide** button.

### Step 6

Any time you fill out a Disbursement Voucher, you need to complete the **Payment Information** tab.

Click the **show** button.

### Step 7

The **Payment Reason Code** is *V-Travel Advance* and the **Payee** must be an employee.

The Payee must be an active employee or current graduate student, depending on the funding source. In this case, you are issuing an advance to Melanie Cooley, who is an employee.
8. Travel advances must be at least $250.00.

The **Due Date** should not be more than seven days prior to the trip start date.

Enter the reason for the travel advance in the **Check Stub Text** field. You can repeat the business purpose that you entered in the **Explanation** field if you would like to, but you are not required to.

9. You are now ready to complete the **Accounting Lines** tab.

Click the **show** button.

10. Enter the same account number that you used on the Travel Authorization Form.

16. Click the **hide** button.

17. Once you have completed the Disbursement Voucher, it is ready for approvals.

Click the **submit** button.

### Step 18

After you have submitted the Disbursement Voucher, print out the coversheet, attach the *original* signed Travel Authorization Form ([http://uabis.arizona.edu/eforms/#T](http://uabis.arizona.edu/eforms/#T)), and mail the packet to FSO-Operations: PO Box 210158, USB 402.

Pre-Encumbering the Advance

Procedure

For the sake of simplifying account reconciliation in your department, you may want to pre-encumber the funds for the travel advance. This step is optional, but can be quite useful.

A suggested format is *Travel Advance Pre-Encumb <Traveler's Name>*>, but you are welcome to use whatever format works best for your department. Depending on how long the traveler's name is, you may need to abbreviate.  

Enter "**Travel Adv Pre-Encumb Melanie Cooley**" in the **Description** field. |
| 2.   | As always, entering the UA business purpose in the **Explanation** field will expedite the approvals for this document.  

Enter "**Professional conference: Kuali Days**" in the **Explanation** field. |
| 3.   | Enter the Travel Advance T# in the **Org Doc #** field.  

Enter the T# in the **Org. Doc. #** field. |
4. Take a look at the **Pre-Encumbrance Details** tab.

   Click the **show** button.

5. Enter the date on which you want the pre-encumbrance to automatically reverse. The date should be no more than ten days after the date on which you expect the traveler to return, per Travel Funding ([http://policy.fso.arizona.edu/fsm/1400/1411](http://policy.fso.arizona.edu/fsm/1400/1411)) policy.

   **Important! If you do not enter a reversal date, you will need to manually disencumber the pre-encumbrance.**

10. | Enter the account number that the expense will be charged to.
11. | Enter the appropriate travel Object Code for the type of travel: 6140 Travel - *In State*, 6240 Travel - *Out State*, or 6340 Travel - *Foreign*.

You will use the same Object Code on any post-travel documents.

12. | Enter the same amount you entered on the Disbursement Voucher for the Travel Advance.
13. | Click the **add** button.

14. | Click the hide button.
15. | Click the submit button.
16. | Because you set a reversal date, the pre-encumbrance will automatically reverse on the appropriate date, and the disencumbrance will be complete.

If you did not enter a reversal date, you would need to manually disencumber the pre-encumbrance on the traveler’s return.

If you’ve completed the travel advance Disbursement Voucher and sent the appropriate paperwork to FSO Operations, your next step is just to wait for the traveler to return.

End of Procedure.

Checking the Status of a Pre-Encumbrance

Part of the process is disencumbering the pre-encumbrance. Provided that you correctly set up your pre-encumbrance to automatically reverse, that step will be taken care of for you.

This section covers how you confirm that a pre-encumbrance has disencumbered. If you did not set your pre-encumbrance to automatically reverse, you will need to manually disencumber it.

Procedure

As you complete your post-travel steps, you will need to confirm that any pre-encumbrances have successfully disencumbered. Since you set your pre-encumbrance to automatically reverse, you need to make sure that you check after that auto-reverse date. If you don’t remember what it was, you can always open the original Pre-Encumbrance e-doc to look it up.

**Note:** You will only need to complete this step if the traveler received an advance and your department created a pre-encumbrance for it.

Requesting Employee Travel Reimbursement

Procedure

You will need to complete a reimbursement Disbursement Voucher after the traveler returns if the University owes the traveler money. There are two possible reasons that the University might still owe the traveler.

a) No advance was issued or
b) The trip expenses total more than the amount of the advance.

You do not need to complete a post-travel Disbursement Voucher if the employee owes the University money or the amount of the advance equals the total expenses.

<table>
<thead>
<tr>
<th>Step</th>
<th>Action</th>
</tr>
</thead>
</table>
| 1.   | If no advance was issued, you would need to create a new Disbursement Voucher from scratch.  
      However, if an advance was issued, you will want to copy that advance Disbursement Voucher.  
      Copying the advance makes your life easier: there's less data entry if you copy. Copying also ties the two Disbursement Vouchers together, which makes it much easier to identify the documents that are related to the same trip. |
| 2.   | In this case, you are issuing a reimbursement for an employee who already received an advance. So you begin with the Disbursement Voucher custom search: **Main Menu > Custom Searches > Disbursement Voucher**.  
      The tutorial picks up from that point in the process. |
| 3.   | Search for the original Travel Advance Disbursement Voucher with whatever information you have.  
      Note that you can use the Disbursement Voucher custom search to zero in on the specific document more efficiently using payment reason, payee, account, org doc # (T#), or other fields. |
| 4.   | Click the **search** button.  
      ![search](image) |
| 5.   | Click the appropriate document number link. |
6. The travel advance Disbursement Voucher opens in a new window.

Note that the business purpose in the **Explanation** field **does not** copy over to the new document. Use your keyboard shortcuts to copy it now so that you can just paste it into the **Explanation** field on the new document.

Click the **collapse all** button.

7. Click the **copy** button.
### Step 8

A new Disbursement Voucher opens.

Since the Payee is an employee, the Payee information has been cleared.

The Document Header shows which document this one was copied from. The original advance and this reimbursement are clearly tied together in the Document Header.

### Step 9

When you request an employee Travel Reimbursement, you need to enter some specific information on the **Document Overview** tab.

Click the **show** button.

52. | You have successfully completed a Travel Expense Reimbursement for an employee. Once all of the approvals are complete, the employee will be reimbursed. Make sure that you have also completed a Distribution of Income and Expense to settle the travel advance. If you have not, your traveler's reimbursement may be delayed. And, if applicable, confirm that the pre-encumbrance of the advance has automatically reversed.

End of Procedure.
Checking that the Advance has Zeroed Out

Procedure

After you complete the Distribution of Income and Expense to settle the advance and collect any repayments that the employee owes, you will want to check to make sure that the advance is accurately balanced in the General Ledger Entries.

Step | Action
--- | ---
1. | Because some of the travel transactions are Final and some are still Enroute, you will want to use General Ledger Entry. That way, you can search for both pending and posted entries.

Click the General Ledger Entry link.

</tr>
</tbody>
</table>
Step | Action
--- | ---
7. | Click the **search** button.
8. | Click the scrollbar.
Step | Action
--- | ---
9. | How many rows you see will depend on whether the employee spent her full advance.
   
   If the employee did not spend all of her advance and owed the University money on her return, you will see three rows for the advance, Distribution of Income and Expense, and Cash Receipt.
   
   If the employee had spent the entire advance, there would only be two lines: the travel advance Disbursement Voucher and the Distribution of Income and Expense.

10. | All lines are tied to the Travel Advance Object Code.
   
   You are looking at the Debits (D) and Credits (C) that have posted against that Object Code for this account with this Organization Document Number (the T#).

11. | You will see the Disbursement Voucher (DVCA), Distribution of Income and Expense (DI), and—if the employee repaid an advance—Cash Receipt (CR) on these lines.
   
   Remember that you can click on any underlined item in a column if you want more information about it.
Step 12. Check to make sure that the Debits and Credits balance to zero. If so, you have successfully settled the Travel Advance.

Step 13. Once you have sent all of your documentation to FSO and confirmed that the advance is zeroed out, you’re done!

End of Procedure.
Scenario Three: The Traveler Owes the University Money

Exercise: Pre- and Post-Travel

For the last scenario, Suzanne Zimbardo is traveling to Phoenix for two days to provide training to the College of Medicine. You issue her a Travel Advance for $300, but she actually only spends $283.12.

The checklist in this case looks like this:

Pre-Travel
- Travel Authorization (http://uabis.arizona.edu/eforms/#T)
- Prepay Travel Expenses (Optional—PCard or Disbursement Voucher)
- Travel Advance (Disbursement Voucher)
- Encumber the Advance (Optional—Pre-Encumbrance)

Post-Travel
- Expense Report (http://uabis.arizona.edu/eforms/#T)
- Settle Advance (Distribution of Income and Expense)
- Check that Advance Disencumbered (Only if Pre-encumbrance was done—General Ledger Entries)
- Repay Travel Advance (Cash Receipt)

You will complete the Pre-Travel steps and the first three steps of Post-Travel on your own. Then your instructor will work through repaying a travel advance with you.

I, Suzanne Zimbardo, certify that all items of expense included in the above amount were necessary in discharging the official business of the state; the distances have been actually traveled on the dates specified; no part of the account has been paid by the state of Arizona and no claim against the state has been made for any part thereof, but the full amount is due and unpaid; and I declare, under penalties of perjury that this claim has been examined by me and to the best of my knowledge and belief is true, correct and attested to by me and have not been previously reimbursed for these expenses nor have they been paid for by the UA P&O. I hereby assign the entire claim to the University of Arizona.

Repaying a Travel Advance

Procedure

If an employee receives a Travel Advance but does not spend all of it, the excess money needs to be paid back to the University.

When that money is returned, complete a Cash Receipt to record the Travel Advance repayment with the Bursar’s Office.

**Important!** This process only applies if you deposit funds through the Bursar’s Office. If you use an external bank account, you will use the Distribution of Income and Expense form to correctly account for your bank deposit rather than completing the Cash Receipt.

In this case, Suzanne is repaying her excess advance via personal check.
